WHEELBASE 2760 mm

M21 GENERATION 4

Steel 3way tipper and FASSI F30M.0.23 crane

Code	Boards	External Dimensions
M 155 023 085 - M21 B - 01	Flat aluminum	3100x1950 mm

Flat steel sideboards height 400 mm top opening only

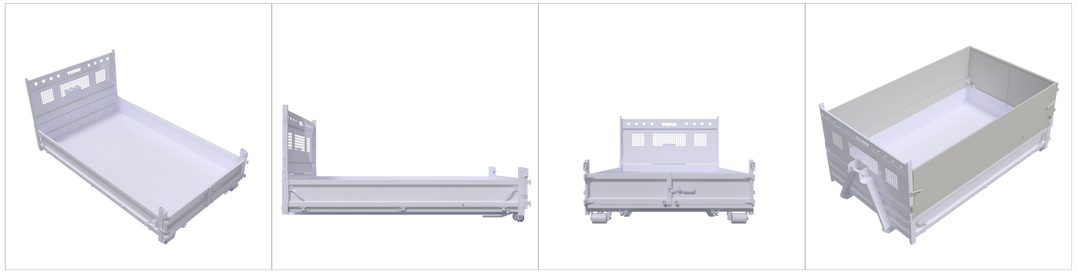

Flat steel tailgate height 400 mm with double opening and automatic release

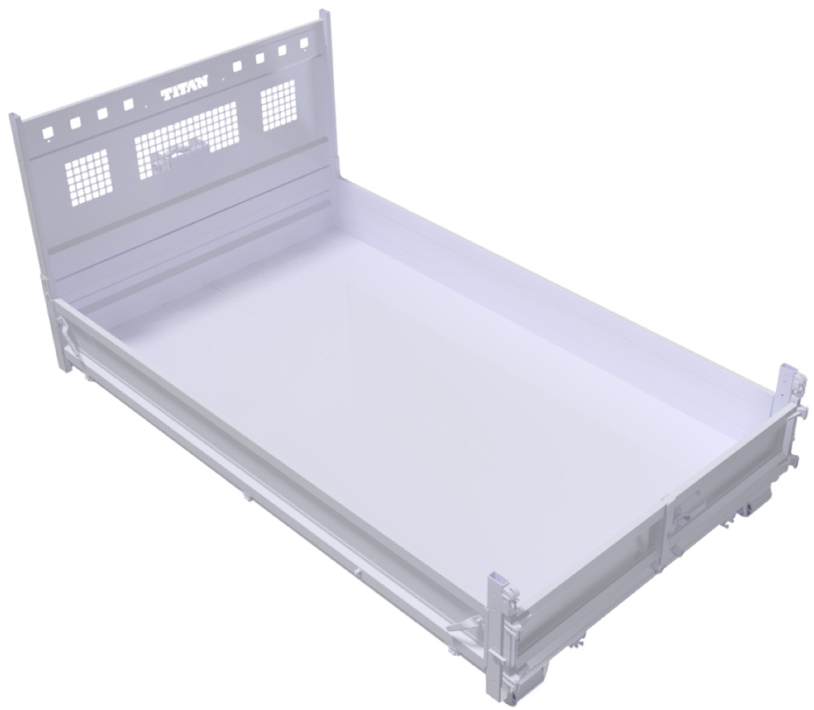

Loading deck structure in S355JR steel th. 3 mm
Steel subframe with horizontal spheres
Steel front board H. 400 mm with ladder rack and perforated protection panel
Side and rear boards H. 400 mm, available in painted steel
Front and rear pillars, screwed and removable with integrated foldaway
Recessed foldway rope stretching ring (3+3)
Removable rear ladder rack
Steel spheres supports with anti-vibration PVC cap
Thermoplastic mudguards
Tool box with key lock
Hydraulic system with P.T.O., safety fuse and buzzer
Chromed and galvanised multistage under floor ram, wear resistant, weather resistant and rust resistant with safety valve
Cataphoresis treatment and powder coating
Overall lights.

Supply and mounting of FASSI F30M.0.23 crane (3 hydraulic extensions)

Steel container for hooklift CITY C3 L=3110

Code	External Dimensions
M 441 160 710 - C3	3200x1950 mm

STANDARD EQUIPMENT:

Loading deck structure in S355JR steel th. 3 mm
Steel subframe
Flat Steel front board H. 400 mm with ladder rack and perforated protection panel
Steel sideboards height 350 mm top opening only
Steel rear board H. 350 mm 2 door
Anchor hook height fixed on beams 920 mm
Steel cradle for CITY C3 (L=3110 mm)
Beam width 1060 mm
N° 2 rear sliding rollers
Cataphoresis treatment and powder coating white color

NOTE: The information and images - including the colors of the products - concerning equipment, external appearance, measurements, etc. are to be considered purely indicative and in no way binding.

Steel 3way tipper

Code	Boards	External Dimensions
M 155 020 088E - M21 B - 01	Flat steel	3100x1950 mm

Steel sideboards height 400 mm top opening only

Steel tailgate height 400 mm with double opening and automatic release

Loading deck structure in S355JR steel th. 3 mm
Steel subframe with horizontal spheres
Steel front board H. 400 mm with ladder rack and perforated protection panel
Side and rear boards H. 400 mm, available in steel
Front and rear pillars, screwed and removable with integrated foldaway
Recessed foldway rope stretching ring (3+3)
Removable rear ladder rack
Steel spheres supports with anti-vibration PVC cap
Thermoplastic mudguards
Tool box with key lock
Electro-hydraulic power pack with control panel into cab, isolation switch, safety fuse and buzzer
Chromed and galvanised multistage under floor ram, wear resistant, weather resistant and rust resistant with safety valve
Cataphoresis treatment and powder coating
Overall lights.
